

Bespoke Touchscreen Furniture & Housing

The AlphaCreative range of products allows you incorporate our interactive touch technology into contemporary furniture and housings.

Our bespoke range of housings allow the technology to compliment the space in which it being used and allows your customers and clients to seamlessly interact.

Ideal for use in reception areas, museums, corporate lounges, airports and conference centres, the range is limited only by your imagination.

We are all used to using touch-screen technology but the AlphaCreative range certainly re-introduces the wow-factor.
